MOSFET Array for Brachytherapy Procedures

Best™ Syed Multi-Channel Vaginal Applicator

This novel HDR applicator consists of a disposable central insert and an outer sleeve along with a positioning collar. *Source channels travel fully to the distal end, curving around to give more dose to the apex area, allowing for optimum dose delivery.*

Additionally, the outer sleeve provides a 5 mm wall, to reduce dose to the vaginal mucosa, with a 2 mm wall at the distal end of the applicator to allow for greater dose delivery. The applicator is 18 cm in length with diameters ranging from 2.0 cm to 3.5 cm.**

Best™ Brachytherapy Kit

5 Implant Needles

5 Stylets with Hubs

5 Single Leader Catheters**

5 Half Moon Buttons*
