Best Cure Foundation, through its Institutes of Medical Physics, Oncology, Particle Therapy/Research, and other Institutes, is currently looking to recruit Medical, Radiation, Surgical and Urologic Oncologists; Medical Physicists/ Dosimetrists; Radiation Therapists; and others for setting up 1000 cancer centers and 50 particle therapy centers worldwide.

Are you searching for an **exciting** career?

Individuals will have a choice of location and will be offered competitive benefits and compensation for these positions. They will be eligible for free continuing medical education and training. Incentives and bonuses will be offered based on clinical outcome and patient satisfaction.

Best Cure Foundation, in partnership with Best Particle Therapy, Inc., has established the CURE Institute of Particle Therapy and Research. This institute plans to set up 50 particle therapy centers worldwide during the next 20 years to offer proton and carbon ion therapy at a cost similar to that of stereotactic surgery. The institute will use advanced technology for particle therapy.

Visit the Best Cure Foundation website at [www.cure.lu](http://www.cure.lu).

*Life is a gift from our parents.  
We are born to live, and live to  
enjoy and cherish our gift. We can  
look at every obstacle as an opportunity  
or every opportunity as an obstacle.  
Who we are, what we are, and where we  
are have a lot to do with the choices we  
have made and the ones we did not.  
Our career is the outcome  
of what we do with the gift.*

– Krishnan Suthanthiran –

*A healthy person has  
many wishes, but the sick  
person has only one.*

– Indian Proverb –
