About Krishnan Suthanthiran

President TeamBest Companies & Founder of Best Cure Foundation

*A healthy person
has many wishes,
but the sick person
has only one.
Health is wealth.*

– Indian Proverb –

About Krishnan Suthanthiran

President TeamBest Companies & Founder of Best Cure Foundation

Life is a gift from our parents. We are born to live, and live to enjoy and cherish our gift. We can look at every obstacle as an opportunity or every opportunity as an obstacle. Who we are, what we are, and where we are, have a lot to do with the choices we have made and the ones we did not. Our career and service to the community are the outcomes of what we do with the gift.

– Krishnan Suthanthiran

Krishnan Suthanthiran's Parents

Krishnan Suthanthiran's Father

Having lost his father to cancer in 1968, Krishnan Suthanthiran launched his Global War on Cancer on April 29, 2015 in memory of him.

Global War on Cancer

Launched by Best Cure Foundation & TeamBest Companies

While there have been many significant improvements and advancements in medical technologies, many patients around the world do not receive timely interventions or the right care. Mr. Suthanthiran firmly believes more should be done. In 2007, he formed the Best Cure Foundation to work with TeamBest companies, and other leading-edge companies and experts, to establish a Hub-and-Spoke model of healthcare delivery systems to overcome these shortcomings. Best Cure Foundation's goal is to launch a “**Global War on Cancer**” that includes express and mobile clinics linked to general and super-specialty medical centers worldwide.

Global War on Cancer

Launched by Best Cure Foundation & TeamBest Companies

Mr. Suthanthiran has interacted with those in the private sector and government agencies, in more than 20 countries over the last few years in Asia, South America, the Middle East, and North America. In that time, he has stated, “It is clear that there is a groundswell of support for a better, affordable, and accessible healthcare delivery system globally.”

He has established and acquired a number of medical companies globally, in order to collect many of the technologies needed to establish a Proactive Healthcare Delivery System, focused on transparency of clinical benefits, outcome, and cost using a Total Health Approach – Prevention, Early Detection, and Effective Treatment for Total Cure.

Krishnan Suthanthiran's Mother

Krishnan Suthanthiran has established a division under BCF called “3E – Education, Empowerment and Equality” to promote the development and advancement of women. It is his belief that every man and woman was given birth to, nursed, and nourished by women, and therefore, they share a greater responsibility in juggling career and family, in raising children and caring for the home. In memory of his mother, Krish is proud to support women around the world in pursuing their goals through the 3E organization.

Best Cure Foundation's aim is to:

- Reduce the cost of healthcare worldwide by 30 percent or more
- Launch the Best Cure Total Health™ Program
- Increase transparency through Best Cure Proactive Healthcare™

Best Cure Foundation's aim is to establish:

- Express/mobile clinics and medical centers as non-profit, private, non-governmental organizations that are self sustaining
- Best Cure U.S. Health Corps
- Best Cure International Health Corps
- Best Cure Global Institute
- Best Cure Global Standard of Care
- Best Cure Global Purchasing Organization
- Best Cure Global Insurance

BEST CURE FOUNDATION'S GOALS

Mahatma Gandhi dreamt of a free India. Today, it is the world's largest democracy. President John F. Kennedy dreamt of landing a man on the moon; eight years later we took that "giant step for mankind." Reverend Martin Luther King dreamt people would one day be judged by their character rather than their color; he helped pave the way for Barack Obama to be elected President of the United States.

“I, too, have a dream—one shared by millions of our fellow citizens of the world—and a plan to realize this dream of quality healthcare and education that are affordable and accessible to all.”

—Krishnan Suthanthiran

Best Cure Foundation

GOAL 1

Providing **purified drinking water** and affordable sewer systems in every part of the world by 2040

Late former US Attorney General Robert F. Kennedy, brother of late former US President John F. Kennedy once said that, “Each time a man stands up for an ideal, or acts to improve the lot of others, or strikes out against injustice, he sends forth a tiny ripple of hope.” This historic quote is one that has influenced Mr. Suthanthiran’s strong compassion and hopes of improving quality of life by expanding quality healthcare and education around the world by making them affordable and accessible.

ABOUT KRISHNAN SUTHANTHIRAN
Founder & President of TeamBest Global Companies | Best Cure Foundation & Kitsault Energy

KRISHNAN SUTHANTHIRAN, Founder and President of TeamBest Global Companies (TSG) celebrated his 74th year—more than half a century of life spent in gratitude. When he was less than 3 years old, colonial hunting the opportunity to begin in preschool. At an early age, he became aware of the importance of learning through not only the standard school system and programs, but also the importance of learning through the hands-on experience of the classroom and beyond. He studied at the best of the best in the field of medicine, including Harvard Medical School and other leading institutions. He studied at the best of the best in the field of medicine, including Harvard Medical School and other leading institutions. He studied at the best of the best in the field of medicine, including Harvard Medical School and other leading institutions.

Suthanthiran had his father in cancer in 1986 and this tragic event led to formulate his main career goal: to dedicate his life to medicine—particularly Cancer Research and Treatment. In September 1986, Krishnan Suthanthiran traveled to Canada from India, after graduating from the University of Madras with a Bachelor's Degree in Mechanical Engineering. With only 400 Canadian Dollars, Suthanthiran spent several months in Canada, where he earned a Master's Degree in Mechanical Engineering from the University of Ontario at Waterloo. Suthanthiran was awarded a company through most subsequent research.

In the summer of 1970, he traveled to the United States as a student intern, with a Permanent Resident Visa and arrived in Washington, DC in late June. He had the beauty of Washington, DC had decided to seek employment with the Dept. of Health, Education and Welfare. He was fortunate enough to be recruited by the late Dr. Chao S. Chen, M.D., Ph.D., the Director of the National Cancer Institute. Suthanthiran worked as a Research Associate in the Division of Cancer Prevention and Control. He worked for the National Cancer Institute in 1970—the office was in the old building of the National Cancer Institute in Bethesda, MD. He worked for the National Cancer Institute in 1970—the office was in the old building of the National Cancer Institute in Bethesda, MD. He worked for the National Cancer Institute in 1970—the office was in the old building of the National Cancer Institute in Bethesda, MD.

During the last 50 years, he has founded multiple companies and invested hundreds of millions of US dollars globally in medical product manufacturing, health-care delivery, real estate, entertainment and energy. He serves as a member of the Board of Directors of the American Society of Hematology and the American Society of Hematology. He serves as a member of the Board of Directors of the American Society of Hematology and the American Society of Hematology.
